#### Description of work area and/or activity assessed

Breathe new life into your glass and steel surfaces with BioHygiene Glass and Stainless Steel Cleaner. The naturally-derived formula quickly cuts through and removes atmospheric grime, finger marks, and general soiling leaving a sparkling streak-free finish. The quick-drying, non-hazardous formula is suitable for all areas of the workplace, from bathroom mirrors to glass counters and kitchenware. Unbeatable streak free shine Quick drying. Ammonia free smell. No Hazard rating. Can be used on all surfaces. Can be used indoors and outdoor. Carbon neutral. Naturally derived ingredients. PCR packaging. Not tested on animals. 100% Biodegradable.

### Overall Current Risk

## Insignificant

### Persons Affected

 Cleaners

 Contractors

 Customer / Client

 Employees

 Lone Workers

 Members of the Public

 Office Staff

 Other Service Providers

 Trainees / Young Persons

 Visitors

## Assessment Of Risk

Are hazards to health adequately controlled with all the above control measures in place?

Yes

### Additional Notes / Summary

All ABM employees will follow the instructions listed in this assessment while using this product.

Current Likelihood of Harm

Highly Unlikely

Current Severity of Harm

Moderate

## Substance Information

| Substance Name                                                       | Usage Information                              | Signal Word | SDS Date   | Category |

## Process Control

Can a less hazardous substance(s) be used to do the same job?

No

What controls are required for this substance(s) other than Personal Protective Equipment

Store in a cool, well ventilated area. Keep container tightly closed.  
 Use in well ventilated areas.

### ≡ PPE (Personal Protective Equipment) Required

#### Eye Protection

Not required. Spray away from the face.  
BS EN 166

#### Hand Protection

Wear gloves if prolonged contact with product is likely.  
BS EN 374-2

#### Overalls / Clothing

No special requirement.

#### Mask / Respirator

Respiratory protection not required under recommended conditions of use on site.

### ≡ Storage, Spillage, Disposal and Transport

#### How should the substance(s) be disposed of?

Biodegradable.  
Readily absorbed into soil.  
Negligible ecotoxicity.  
Disposal operations: Larger volumes should be sent for disposal by an approved waste contractor.  
Disposal of packaging: Dispose of as normal industrial waste.  
NB: The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

Have persons undertaking this process been provided with information or training?

No

#### How should the substance(s) be stored?

Store in a cool, well ventilated area. Keep container tightly closed.

#### How should accidental release/spillage of this substance(s) be dealt with

Avoid contact with skin and eyes.  
Wear recommended personal protective equipment.  
Ventilate spillage area.  
Clean up using absorbent material and dispose of the product as instructed.

#### Transport Information

Not Specified

## Emergency First-Aid Procedures

Remove victim to fresh air. Seek medical advice if feeling unwell.

### Skin Contact

Wash immediately with plenty of soap and water. Seek medical advice if feeling unwell.

### Eye Contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical advice if feeling unwell.

### Ingestion

Wash out mouth with water. Seek medical advice if feeling unwell.

### Injection

## Fire Safety

Is there any other substance that this substance(s) must not come into contact with?

Stable under normal conditions.

What actions should be taken in the event of a fire involving the substance(s)?

Suitable extinguishing media : Water spray. Dry powder. Foam. Carbon dioxide.

Exposure hazards: Not applicable

Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

Could the release of vapour/gas/dust produce an explosive atmosphere

No

Is the flashpoint below 32°C for any of the substances identified

No

## Health / Medical Surveillance

If required, what health surveillance is undertaken in the use of these substance(s)?

None required
