 Other Service Providers

 Trainees / Young Persons

 Visitors

Assessment Of Risk

Are hazards to health adequately controlled with all the above control measures in place?

Yes

Additional Notes / Summary

All ABM staff will follow the instructions listed in this assessment while using this product

Current Likelihood of Harm

Highly Unlikely

Current Severity of Harm

Moderate

Substance Information

Substance Name	Usage Information	Signal Word	SDS Date	Category
Cleanline Glass and stainless steel cleaner spray Substance Form: Liquid	Usage: Apply sparingly onto surface and wipe immediately with a clean, dry, lint free cloth. For small areas, apply directly on to the cloth then wipe on the surface to be cleaned. Excessive product usage will cause smearing. Buf with a dry cloth/paper towel for extra shine. Spray directly onto the surface and wipe with a paper towel or clean cloth. Polish surface with a clean dry cloth. For heavily soiled surfaces repeat application. Duration: 5-10 Minute(s) When Required	None	12/03/2021	N/A
Hazard Labeling				
None Specified				

Process Control

Can a less hazardous substance(s) be used to do the same job?

No

What controls are required for this substance(s) other than Personal Protective Equipment

Provide adequate ventilation.

Hygiene measures

When using do not eat, drink or smoke. Good personal hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site. Use appropriate skin cream to prevent drying of skin.

PPE (Personal Protective Equipment) Required

Eye Protection

No specific eye protection required during normal use.

Hand Protection

No specific eye protection required during normal use. BS EN 374

Overalls / Clothing

Wear appropriate clothing to prevent repeated or prolonged skin contact. Use appropriate skin cream to prevent drying of skin.

Mask / Respirator

Respiratory protection not required.

Storage, Spillage, Disposal and Transport

How should the substance(s) be disposed of?

There are no data on the ecotoxicity of this product. Not regarded as dangerous for the environment.

The product is water-soluble and may spread in water systems

General information

The generation of waste should be minimised or avoided wherever possible.

Disposal methods

The packaging must be empty (drop-free when inverted).

Wash with plenty of water. Waste packaging should be collected for reuse or recycling. Refer to manufacturer/supplier for information on recovery/recycling. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.

Have persons undertaking this process been provided with information or training?

Yes

How should the substance(s) be stored?

Store in tightly-closed, original container in a dry, cool and well-ventilated place

How should accidental release/spillage of this substance(s) be dealt with

Stop leak if safe to do so. Absorb in vermiculite, dry sand or earth and place into containers.

Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.

Transport Information

Not Specified

Emergency First-Aid Procedures

Inhalation

Move affected person to fresh air at once. Rinse nose and mouth with water. Get medical attention if any discomfort continues.

Skin Contact

Rinse immediately with plenty of water. Remove contaminated clothing. Get medical attention if irritation persists after washing.

Eye Contact

Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persists after washing. Show this Safety Data Sheet to the medical personnel

Injection

Ingestion

Never give anything by mouth to an unconscious person. Do not induce vomiting. Rinse mouth thoroughly with water. Get medical attention if any discomfort continues

Fire Safety

Is there any other substance that this substance(s) must not come into contact with?

Stable at normal ambient temperatures
Avoid exposure to high temperatures or direct sunlight
Does not decompose when used and stored as recommended

What actions should be taken in the event of a fire involving the substance(s)?

The product is not flammable. Use fire-extinguishing media suitable for the surrounding fire.
Foam, carbon dioxide or dry powder
Thermal decomposition or combustion products may include the following substances: Oxides of carbon. Toxic gases or vapours
Control run-off water by containing and keeping it out of sewers and watercourses.
Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing.

Could the release of vapour/gas/dust produce an explosive atmosphere

No

Is the flashpoint below 32°C for any of the substances identified

No

 Health / Medical Surveillance

If required, what health surveillance is undertaken in the use of these substance(s)?

None Required
