None Specified				
List ingredients or components with an exposure limit identified		Exposure Limit (Long-term / Short-term)		
sulphuric acid, mono-C12-14-alkyl esters, sodium salts		None Specified		

Process Control

Can a less hazardous substance(s) be used to do the same job?

No

What controls are required for this substance(s) other than Personal Protective Equipment

Provide a good standard of general ventilation.
 Keep only in original container. Store in a closed container.
 Keep container upright to prevent spillages.
 Store in a cool, dry and well ventilated area away from direct sunlight.
 Wash hands regularly.

☰ PPE (Personal Protective Equipment) Required

Eye Protection

Safety glasses are not normally required.
 However, their use is recommended in those cases where
 splashes may occur when handling the product (EN 16321 /
 EN 166).

Hand Protection

Rinse and dry hands after use. For prolonged contact
 protection for the skin may be necessary

Overalls / Clothing

ABM uniform.

Mask / Respirator

No special requirements under normal use conditions.

☰ Storage, Spillage, Disposal and Transport

How should the substance(s) be disposed of?

The concentrated contents or contaminated packaging
 should be disposed of by a certified handler or according to
 the site permit.
 Release of waste to sewers is discouraged.
 The cleaned packaging material is suitable for energy
 recovery or recycling in line with local legislation.
 Suitable cleaning agents: Water, if necessary with cleaning
 agent.

Have persons undertaking this process been provided with
 information or training?

Yes

How should the substance(s) be stored?

Keep only in original container. Store in a closed container.
 Keep container upright to prevent spillages.
 Store in a cool, dry and well ventilated area away from direct
 sunlight.

How should accidental release/spillage of this substance(s) be dealt with

Do not allow to enter drainage system, surface or ground
 water.
 Dilute with plenty of water.
 Absorb with liquid-binding material (sand, diatomite, universal
 binders, sawdust).
 Collect in closed and suitable containers for disposal.

Transport Information

Not Specified

Emergency First-Aid Procedures

Inhalation

Get medical attention or advice if you feel unwell.

Skin Contact

Wash skin with plenty of lukewarm, gently flowing water. If skin irritation occurs: Get medical advice or attention.

Eye Contact

Rinse cautiously with water for several minutes. If irritation occurs and persists, get medical attention.

Ingestion

Rinse mouth. Immediately drink 1 glass of water. Never give anything by mouth to an unconscious person. Get medical attention or advice if you feel unwell.

Injection

N/A

Fire Safety

Is there any other substance that this substance(s) must not come into contact with?

Stable under normal storage and use conditions.

What actions should be taken in the event of a fire involving the substance(s)?

Extinguishing media: Carbon dioxide. Dry powder. Water spray jet. Fight larger fires with water spray jet or alcohol-resistant foam.

As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

Could the release of vapour/gas/dust produce an explosive atmosphere

No

Is the flashpoint below 32°C for any of the substances identified

No

Health / Medical Surveillance

If required, what health surveillance is undertaken in the use of these substance(s)?

None required.
