

General Assessment Details

Assessor	Cristina Aherne
Assessment Date	07/03/2025
Assigned Reviewer	Cristina Aherne
Next Review Date	07/03/2027
Internal Reference	COSHH005
Assessment Title	Craftex hand gel 1611

Associated to specific area

- ABM UK Facilities
- Savills
- High Wycombe - Eden Shopping Centre - HP11
- All

Essentials Category

A

Substance Hazard Information

Description of work area and/or activity assessed

Clean, care and protect your hands with Craftex Hand Gel, an effective 60percent alcohol formulation.
Alcohol destroys disease-causing agents and pathogens by breaking apart proteins, splitting cells into pieces and disarranging the cells metabolism.

Overall Current Risk

Insignificant

Persons Affected

- Cleaners
- Contractors
- Employees
- Expectant / New Mothers
- Maintenance Staff
- Members of the Public
- Office Staff
- Security Officers
- Trainees / Young Persons
- Visitors
- Volunteers

Assessment Of Risk

Are hazards to health adequately controlled with all the above control measures in place?

Yes

Additional Notes / Summary

All ABM staff will follow the instructions listed in this assessment while using this product.

Current Likelihood of Harm

Highly Unlikely

Current Severity of Harm

Minor

Substance Information

Substance Name	Usage Information	Signal Word	SDS Date	Category
Craftex hand gel 1611 Substance Form: Liquid	Usage: Wash hands with soap and water. Dispense the required amount on hands. Rub hands. Do not touch any metal surfaces until hands re completely dry.	Danger	15/04/2020	A
Hazard Labeling				
List ingredients or components with an exposure limit identified	Exposure Limit (Long-term / Short-term)			
propan-2-ol	(999 mg/m³, 400 ppm 8hr / (1250 mg/m³, 500 ppm) 15min			

The highest substance hazard group found is : **A**

Process Control

Can a less hazardous substance(s) be used to do the same job? No

What controls are required for this substance(s) other than Personal Protective Equipment

Ensure good ventilation/exhaustion at the workplace.
Prevent formation of aerosols.
Keep away from food, drink and animal feeding stuffs.
Do not mix with other products unless advised by manufacturer.
Wash hands before breaks and at the end of workday.
Use only with adequate ventilation.
Do not eat, drink or smoke while using this product.
Do not leave product unattended on site.

PPE (Personal Protective Equipment) Required

Eye Protection

Not required under normal conditions of use.

Hand Protection

Not required under normal conditions of use.

Overalls / Clothing

Not required under normal conditions of use.

Mask / Respirator

Not required under normal conditions of use.

Storage, Spillage, Disposal and Transport

How should the substance(s) be disposed of?

The concentrated contents or contaminated packaging should be disposed of by a certified handler or according to the site permit.
Release of waste to sewers is discouraged.
The cleaned packaging material is suitable for energy recovery or recycling.

Have persons undertaking this process been provided with information or training?

Yes

How should the substance(s) be stored?

Keep container tightly sealed.
Store in cool, dry conditions in well sealed receptacles.
Store in a cool, dry and well ventilated area away from direct sunlight.
Keep only in original packaging.
Keep container upright to prevent spillages.

How should accidental release/spillage of this substance(s) be dealt with

Prevent seepage into sewage system, work pits and cellars.
Dilute with plenty of water.
Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
Ensure adequate ventilation.

Transport Information

Not Specified

Emergency First-Aid Procedures

Inhalation

Supply fresh air; consult doctor in case of complaints.

Skin Contact

If symptoms persist consult doctor.

Eye Contact

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

Injection

Ingestion

If symptoms persist consult doctor.

Fire Safety

Is there any other substance that this substance(s) must not come into contact with?

Stable under normal conditions of use.

What actions should be taken in the event of a fire involving the substance(s)?

Suitable extinguishing agents: CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam. As in any fire, wear self contained breathing apparatus and suitable protective clothing including gloves and eye/face protection.

Is the flashpoint below 60°C for any of the substances identified

Yes

Do any of the substances have potential to react with each other or with any substance within the working environment that may result in producing an explosive atmosphere?

No

Is there potential for a release of vapour, gas, or dust in sufficient quantity to produce an explosive atmosphere or fire?

No

Health / Medical Surveillance

If required, what health surveillance is undertaken in the use of these substance(s)?

None required.
