Step by Step cleaning instructions

PLEASE WASH YOUR HANDS BEFORE & AFTER YOUR TASK

Place safety signage around the area to be cleaned

Using the correct cloth and chemical clean all panelling, walls, tiles, sinks (paying attention to the base of the taps & plug) and work tops

Clean all stainless-steel fixtures and mirrors with the correct cloth and chemicals to ensure a good shine.

Put some Shield toilet cleaner down the toilet pan and leave to work. Clean the toilet bowl from the outside to inside with a different cloth and chemical, scrub the pan with the toilet brush and flush.

Sweep floors, mop/scrub with correct chemicals

When task complete, remove safety signage only when area is safe & dry.
